<sup>1</sup> Notice Initiating Docket(s) for Recent Postal Service Negotiated Service Agreement Filings, August 31, 2017. (Notice).

undersigned Public Representative, on a Postal Service Request to add Priority Mail Contract 345<sup>2</sup>, Priority Mail Contract 346<sup>3</sup>, and Priority Mail Contract 347<sup>4</sup> to the competitive product list.

The Postal Service's Requests include a Statement of Supporting Justification, a certification of compliance with 39 U.S.C. § 3633(a), a public (redacted) version of Governor's Decision No. 11-6 and related analysis, a public version of each Priority Mail shipping services Contract, and proposed changes to the Mail Classification Schedule competitive product list with the additions underlined. The Postal Service also filed under seal an unredacted version of Governor's Decision No. 11-6 and each Contract, and supporting financial data estimating the contract value during the first year.

According to the Postal Service, each Priority Mail Contract is a competitive product featuring rates "not of general applicability" within the meaning of 39 U.S.C. § 3632(b)(3). Request at 1. The Postal Service also maintains that the prices and classification changes applicable to the Contracts are supported by Governors' Decision No. 11-6.<sup>5</sup> The Postal Service further asserts that the Statement of Supporting Justification (Statement) provides support for adding each Contract to the competitive product list and the compliance of the instant contract with 39 U.S.C. § 3633(a). Request at 2; *Id.*, Attachment D.

The effective date for the Contracts is 2 business days following the day on which the Commission issues all necessary regulatory approvals. *Id.*, Attachment B at 6, 3, and 6, respectively (Article III). The contract will expire 3 years from the effective

## COMMENTS

The Public Representative has reviewed the Postal Service's Request, the Statement of Supporting Justification, as well as the Contracts and the financial data filed under seal with the Postal Service's Request. Based upon that review, the Public Representative concludes that each Priority Mail Contract should be classified as a competitive product and added to the competitive product list. In addition, it appears that each Contract in the first year should generate sufficient revenues to cover costs and thereby satisfy 39 U.S.C. § 3633(a).

*Product List Assignment.* Pursuant to 39 U.S.C. § 3642, the Postal Service requests that each Priority Mail Contract be added to the competitive product list. 39 U.S.C. § 3642 requires the Commission to consider whether "the Postal Service exercises sufficient market power that it can effectively set the price of such product substantially above costs, raise prices significantly, decrease quality, or decrease output, without risk of losing a significant level of business to other firms offering similar products." 39 U.S.C. § 3642(b)(1). Products over which the Postal Service exercises such power are categorized as market dominant while all others are categorized as competitive.

The Postal Service's Statement of Supporting Justification (Statement) makes a number of assertions that address the considerations of section 3642(b)(1). Request, Attachment D at 2. These assertions appear reasonable. Based upon the Statement, the Public Representative concludes that the Postal Service's Request to add each Priority Mail Contract to the competitive product list is appropriate.

*Requirements of 39 U.S.C. § 3633.* Pursuant to 39 U.S.C. § 3633(a), the Postal Service's competitive prices must not result in the subsidization of competitive products by market dominant products; ensure that each competitive product will cover its

attributable costs; and, ensure that all competitive products collectively contribute an appropriate share of the institutional costs of the Postal Service. Based upon a review of the financial data, the negotiated prices for each Contract should generate sufficient revenues to cover costs during the first year of the contract and therefore meet the requirements of 39 U.S.C. § 3633(a). However, the Postal Service provides no definite evidence to demonstrate that the contract will comply with the requirements of 39 U.S.C. § 3633(a) during the second and third years of the contract. This concern is largely mitigated by the fact that the terms of each Contract provide a formula for an annual adjustment in the negotiated rates that should permit revenues to cover costs during years 2 and 3. Attachment B at 6, 3, and 5, respectively.

Finally, the Postal Service must file revenue and cost data for each Contract in future Annual Compliance Reports. This data will permit the Commission to annually review the financial results for each Priority Mail Contract in a future Annual Compliance Determination (ACD) report for compliance with 39 U.S.C. § 3633(a).

The Public Representative respectfully submits the foregoing comments for the Commission's consideration.
